

Free Sport Science Analysis Opportunities.

- 1) Are you interested in a more scientific analysis and understanding of your running performance?
- 2) Are you keen to gain personalised feedback to help make informed decisions when structuring your training plans?
- 3) Are you male and between the ages of 18 and 55?
- 4) Are you locally available to attend laboratory running trials at Canterbury Christ Church University anytime between September 2011 and December 2012?
